It maintains the data for an employee who has registered to an organisation and working under it.It also adds an feature of employee status , if employee leaves the organisation , the administration makes the employee status as inactive and holds the data of the employee.

Technologies/tools used: HTML,CSS,Springboot,MySq,postmanl.

EDUCATION

Bachelor of Technology (Computer Science And Engineering)

S.T.Martin's Engineering College CGPA 7 (2023)

Intermediate(Maths,Physics,Chemistry)

Narayana Junior College CGPA 9.2 (2019)

Secondary School Certificate

S.T.Peter's Grammar School CGPA 8.8 (2017)

TECHNICAL SKILLS

- Good Knowledge on Html,Css Javascriptand boot strap.
- Good Knowledge on Reactjs.

- Able to make web page responsive by using Javascript function and events
- Good backend knowledge on springboot, spring ,servlets.
- Have implemented microservices combining two rest services to extract data using RestTemplate and Feign Client.
- Ability to retrieve data from database using joins ,subqueries , groupby having .
- Ability to maintain server side programming by using servlets and jsp

Frameworks : Spring ,Spring Boot

Programming languages: Core Java

Front-end technologies: HTML, CSS, Bootstrap,Thymleaf, ReactJs

Database: MySQL

Server side programming : Servlets,JSP.

API Integration / Communication: RestTemplate, OpenFeign

Certifications

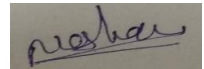

- Web development (Mycaptain).
- Introduction to Objected Oriented Programming with Java (Coursera) .
- Internet of things(Mycaptain)

Achievements/Activities

- Participated in a 400 meters running race and won 2nd prize.
- Lead a Dance group for a competition and the group won 1st prize.

Date:

Place: Hyderabad
